

## Company Management

### Every Company Record. Fully Connected. Always Compliant.

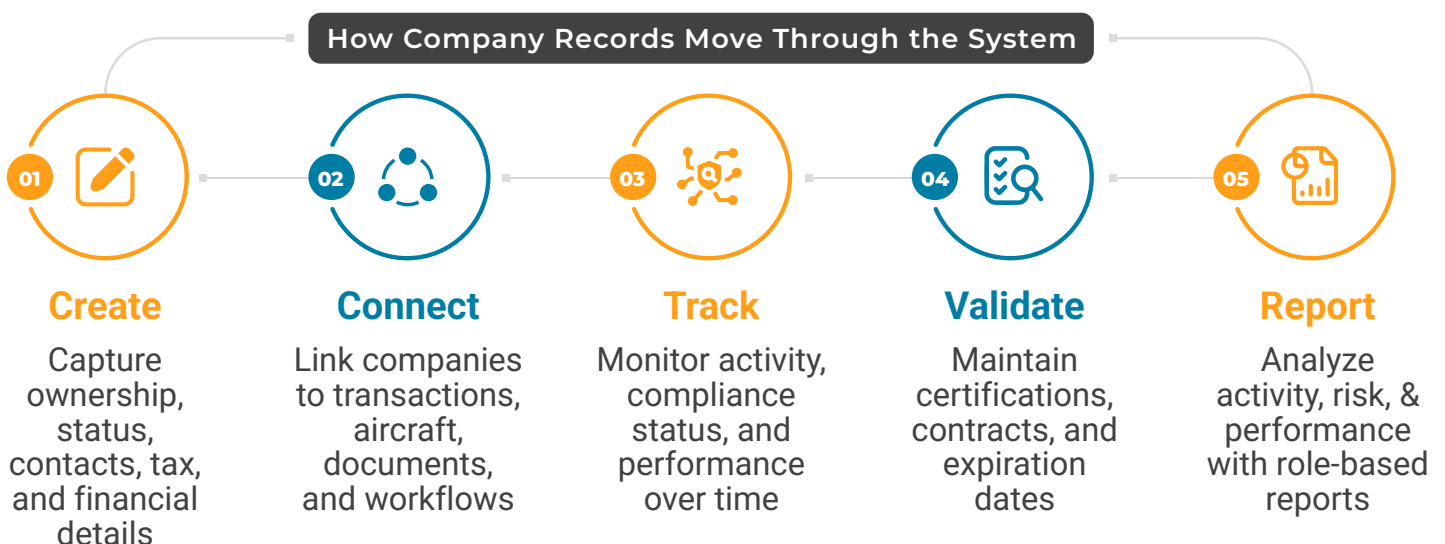

Consolidate your business relationships into one intelligent system. From ownership and financial details to compliance records and transaction history, ensure every decision starts with accurate, audit-ready information.

### Built for Aviation Business Relationships

Eliminate fragmented data and bridge the gap between operations, compliance, and finance.

#### What you gain:

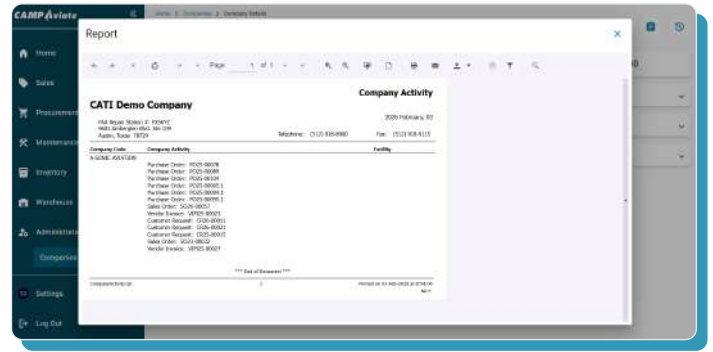

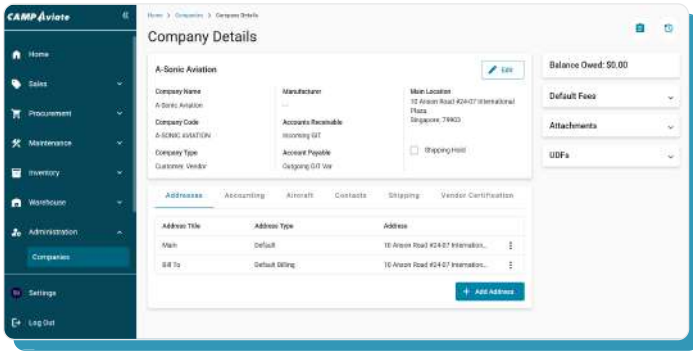

- A unified view of every customer, vendor, and partner
- Clear visibility into every transaction and document linked to a company profile
- Better alignment between operations, finance, and compliance teams
- Greater confidence in the accuracy of company records

### Power Every Relationship with Connected Data

#### 1. Unified Relationship Management

- **Consolidated Company Profiles:** Maintain ownership, contacts, status, and tax details in a single digital record for every customer and vendor.

- **Cross-Module Integration:** Link profiles directly to Inventory, Work Orders, and Aircraft records to ensure data consistency across every workflow.

## 2. Compliance & Document Integrity

- **Automated Oversight:** Monitor regulatory certifications and contract expirations with proactive system alerts to prevent non-compliant transactions.
- **Integrated Document Vault:** Store certs, insurance, and images directly within company records for instant retrieval during audits or inspections.

## 3. Financial & Operational Intelligence

- **Global Financial Controls:** Manage international business with multi-currency support and seamless data exports to your accounting systems.
- **Strategic Reporting:** Analyze vendor performance, credit health, and account balances to make faster, risk-aware financial decisions.

## Smarter Data. Stronger Operations.

- ➔ Fewer errors caused by incomplete or outdated company records
- ➔ Faster audits with clear visibility into compliance and activity
- ➔ Better coordination between operations, finance, and compliance teams
- ➔ More confident decision-making across customer and vendor relationships
